1st July 2010

Dear Colleague

New Buying Group Supplier- Shred-It

The LMC Buying Group is now able to send out introductory information about our third new supplier:

Approved Supplier: SHRED-IT - CONFIDENTIAL INFORMATION SHREDDING AND RECYCLING

Shred-it specialises in providing a highly secure, on-site, document destruction service, which ensures confidential information is kept secure at all times and allows practices to comply with current legislation. This service operates in the following way:

- You place your confidential documents in a secure locked console that is supplied by Shred-it.
- Uniformed Shred-it personnel arrive on a scheduled date to empty the security console.
- The documents are removed in a lockable sack and taken to the on-site shredding truck. The paper is then shredded in a secured environment inside the truck.
- Once shredded the paper is securely baled at a Shred-it service centre for recycling.

Prices and more information about the Shred-It service are attached to this email and will be posted to the Buying Group section of the LMC's website <http://www.norfolkwaveneylmc.org.uk/buying.php>.

You will be sent an information sheet about Shred-It to add to your Welcome Pack in due course.

We hope these new deals will be of interest and will help you make future savings.

Yours sincerely

Naomi Lockett
Executive Officer
