Dear Colleague

## **UTILITY COST SAVINGS THROUGH UNTIED UTILITIES Ltd**

The Buying Group is pleased to announce a deal that we have brokered with Untied Utilities Ltd, a company who specialise in obtaining savings for customers by brokering the purchase of gas, electricity and telephone services.

As a utility broker, Untied Utilities negotiate with the suppliers of gas, electricity and telephone services, but will take away the hassle of trying to obtain cheaper prices by handling all the necessary paperwork for you, arranging transfer to alternative suppliers without any interruption in the supply of the utilities to you as customers and without your having to lift a finger!

This service is provided free of charge to yourselves as the company obtains its remuneration from the chosen suppliers. Untied Utilities will ensure that the transfer of suppliers runs smoothly, and will always be there to sort out any queries directly.

*How to take advantage of this offer.*

All Untied Utilities require is that you return to them the enclosed slip \* and a completed and signed letter of authority, with copies of your last 12 months' gas and electricity bills showing usage and current unit prices, together with copies of the last quarter's telephone bills. If you are already in contract with any of the utilities, it would still be useful to have details so that arrangements can be made for you to take advantage of these services once your current contract expires.

On receipt of these details, Untied Utilities will produce an estimate of the savings they can offer you and will send you documentation for you to sign confirming agreement. They will arrange everything else for you.

Please note, there is no obligation to sign up with this company if, having received details of what they offer, you are undecided or prefer to remain with your existing suppliers.

With best wishes.

Yours sincerely  
LMC BUYING GROUP
