20th May 2010

Dear Colleague,

New Buying Group Suppliers

The LMC Buying Group has recently secured agreements, through the LMC Buying Groups Federation, with a number of new suppliers who will be able to offer you a new range of products and services including Fire and Security equipment, Health & Safety management systems, Staff Uniforms and confidential waste disposal and recycling.

We will be sending you information sheets about these suppliers to add to your Welcome Pack but in the meantime here's an introduction to the first of the Buying Group's new suppliers.

***Approved Supplier:* CONTRACT FIRE SECURITY - Fire and Security Equipment and Services**

Since its establishment in 1985 as a specialist fire systems provider, CFS has remained a family owned independent business. This solid foundation has not, however, prevented the company from becoming one of the fastest growing independent fire and security companies in the UK. CFS can provide practices with a range of products and services, including portable fire extinguishers, fire alarm maintenance, fire training, fire risk assessment and fire management checks and intruder alarm systems servicing. CFS will be offering practices a discount of up to 33% on what the company would normally charge.

Prices and more information about CFS's products and services are attached to this email and will be posted to the Buying Group section of the LMC's website <http://www.norfolkwaveneylmc.org.uk/buying.php> including a link to the Federation's website in due course: www.lmcbuyinggroups.co.uk

We hope this new deal will be of interest to you and will help you make future savings.

We will circulate more information about the three new suppliers as soon as these are received.

Yours sincerely

Naomi Lockett
Executive Officer
