July 2009

Dear Colleague

FANTASTIC SAVINGS FOR LMC BUYING GROUP PRACTICES ON OFFICE STATIONERY AND CONSUMABLES FROM WHITTAKER OFFICE SOLUTIONS!

The Buying Group is pleased to be able to offer its practices superb savings on a comprehensive range of office supplies, equipment and furniture courtesy of an agreement with **Whittaker Office Solutions**.

This may be a new name to you, but our colleagues in the East Midlands have vouched for their responsive service and very competitive prices, as you can see from the enclosed brochure *. The prices have been rigorously checked against those available from other distributors, by Procurement Consultants, *Burns Associates*.

We have done our best to ensure that the enclosed list of special prices covers all the office supplies which practices are likely to want to purchase *on a regular basis*. However, if you find that an item which your practice buys regularly is not included, but is available on the Whittakers website at a non-discounted price, *please let us know* and we will endeavour to get a competitive price for you and ensure that it is added to the list for all to enjoy on a permanent basis. It would help if you could copy any such enquiries to Burns Associates by e-mailing: gary@burns17.fsnet.co.uk, leaving a telephone number on which you can be contacted.

We are so confident at being able to demonstrate savings on which you would normally expect to pay for these items, that Burns Associates are offering to undertake *free of charge*, a comparative price analysis for any practice that requests it.

Please study carefully the details of the information in the brochure enclosed to which a specific account number unique to your practice has been included in an attached label to make it easier for you to order.

No delivery charge: Please note, Whittakers do not levy carriage or delivery charges on orders from Buying Group Customers. However, the Buying Group would urge all practices to try to order *responsibly* ie aggregate orders for bulk delivery where possible in order to a) make it cost-effective for the company and b) minimise the impact on the environment by limiting the number of times their vans have to take to the roads. The Buying Group will seek to intervene if any practice consistently orders in such small quantities that it makes life difficult for our suppliers.

With best wishes for reduced costs and increased productivity for your practice.

Yours sincerely
LMC BUYING GROUP
